CALL FOR PAPERS
SPECIAL SESSION ON
"Logistics and Intelligent Transportation Systems"
for CODIT'18
April 10-13, 2018 – Thessaloniki, Greece

Session Co-Chairs :

Prof. Agostino Marcello Mangini, *Polytechnic of Bari, Italy*

Prof. Maria Pia Fanti, *Polytechnic of Bari, Italy*

Prof. Michele Roccotelli, *Polytechnic of Bari, Italy*

Session description

This special session deals with the problem of making the modern Logistics and Transportation Systems smart and green. The increasing complexity of such systems of systems and the availability of Information and Communication Technologies require the development of innovative models, control and optimization approaches and lead to the definition of novel problems with respect to the related literature.

The goal is to provide novel intelligent services to achieve planning, scheduling and transport systems that are resource-efficient, climate- and environmentally-friendly, safe and seamless for the benefit of all citizens, the economy and society.

The topics of interest include, but are not limited to:

- Novel automation, information and data architectures on the design of logistics systems and supply chains.
- Intelligent transportation and distribution systems: theory and application models
- Automation and Informatics for Intelligent Transportation Systems
- Smart logistics and green mobility
- Logistics for Healthcare Systems
- Internet of Things applications in logistics and intelligent transportation systems
- Port, supply chain and warehouse of the future
